for our Brussels HQ

YOUR JOB

Your main responsibility is to lead the System Department which is responsible for the delivery of Ogone service to its thousands clients on a 24/7 basis. You take the functioning of our infrastructure as your personal objective.

After an internal training period about our products and services, you will be our Ogone System Manager allowing you to:

- Organize the department structure and improve internal processes and communication
- Coach your team of 7 professionals
- Supervise daily operations, set priorities and deadlines
- Evaluate and anticipate user and merchants business needs and translate them in system requirements together with your team
- Act as an intermediate between the management, the market and your team
- Provide recommendations to the management
- Ensure business continuity and disaster recovery plans
- Manage third party relationships (license renewals, purchases, review of contracts, etc)
- Anticipate the fast evolution in your domain and translate this into concrete business related projects

YOUR QUALITIES

You are a multi-skilled, passionate people manager with excellent communication skills and you are not afraid to broaden your horizon.

- Masters degree or equivalent by experience
- Very good bilingual (French & English), knowledge of Dutch and German are assets
- Mature and accountable
- At least 5 years of relevant people management experience in an IT or technical environment
- Open-minded attitude and not resistant to change
- Able to plan and organize
- Able to develop others and build a team
- Pro-active

WHY OZONE?
